Dear Lenox Residents:

I am honored to write this letter on behalf of the Lenox Scholarship Committee. Lenox's fine educators and community members value education and as such are committed to providing our young people with excellent educational opportunities. To assist in providing these opportunities, a group of citizens established the scholarship fund in 1989. Its purpose is to offer financial assistance to Lenox students who plan to pursue higher levels of education including college, graduate school, trade school or other educational programs. Over the years, through the Lenox Scholarship Committee's semi-annual appeal (included with the property tax assessments), great strides have been made toward the long-range goal of annually raising and distributing \$25,000. Each year the fund is greatly enhanced by a generous donation from the Kimball Farms Residents' Association. The fund also receives donations from school and community organizations. The Lenox Town Report lists many of the donors.

This past spring, the Committee awarded \$25,000 to many graduates of the LMMHS Class of 2010. The Committee collectively spends countless hours reviewing and analyzing the many applications. The Committee is always impressed by the quality of these young people and the enthusiasm they express for continuing their education. Awards ranged from \$200 to \$2,500. While these scholarships have certainly not met all the recipients' costs, the Scholarship Committee knows they have played a significant role in making these educational opportunities possible. Indeed, our scholarship program has made the difference for some who otherwise may not have pursued further post-high school education.

The Lenox Scholarship Committee sincerely appreciates any contribution you can make. Every dollar you give will increase the time a Lenox student can spend studying and working toward a positive future. There is no better investment.

With sincere thanks,  
*Dr. Edward W. Costa II*  
*Superintendent of Schools*
