SEPAC Meeting Minutes
November 17, 2015

Review of the audit.

Discuss creating bylaws. Ellen will meet with area SPED directors and see if their district has active SEPAC’s. Examine their bylaws and design ours.

Create a Mission, with a focus on outreach. (Luke had a nice list of goals)

Create flyer/ board for back to school night with information about SEPAC. Recruit more members for our next meeting December 15th.

Here is the SEPAC description from the Federation for Children With Special Needs: Parent's Guide to Special Education www.fcsn.org

In addition to parents participating in the special education process on behalf of their child, they may also participate in their local Parent Advisory Council (PAC). The PAC helps to guide the special education services provided to all eligible students in a school system. In Massachusetts, each school system is required by state law to have a PAC. The purpose of the PAC is to allow parents of students with disabilities the opportunity to talk about common areas of interest and to advise the school committee about the education and well-being of students with disabilities.
