RE: Adjustments in 2019-2020 School Calendar

DATE: April 7, 2020

At last night's meeting of the Lenox School Committee, the Committee voted unanimously to preserve Friday, April 10, as a day when school will not be in session, but also to change the four days following Patriots' Day – April 21 through 24 – from vacation days to school days. This means that remote learning activities will not take place Friday, April 10, but that these activities will be held from Tuesday, April 21, through Friday, April 24.

Consistent with Commissioner of Elementary & Secondary Education Jeffrey Riley's April 3 memorandum to school leaders, the last day that the Lenox Public Schools will be in session will be Wednesday, June 17.

In the unlikely event that regular school sessions resume on or sometime after May 4, the school year will still end on Wednesday, June 17.
